

Delivering Miracles and Pre-registration Information

At St. Elizabeth's, we are committed to providing region leading obstetric care. We believe in providing support before, during, and after your delivery. Enrollment in the **Delivering Miracles Program** is encouraged as soon as possible, so that we can simplify your admission and personalize your nursing care. While participation in this program is optional, it is recommended to ensure fewer questions and less paperwork when you are admitted for delivery.

Our goal is to give you a birthing experience tailored to your wishes. Around the 34th-36th week of your pregnancy, you will meet personally with our Delivering Miracles Coordinator and Registered Nurse, to complete the necessary paperwork and discuss health issues and nursing care preferences.

Individual Counseling Sessions

The Coordinator will also answer questions you may have regarding your labor and delivery, discuss pain management and post delivery planning.

Private Facility Tour

After the initial meeting, you will receive a private tour of the Mother Child Center.

Post Delivery

Our caring colleagues continue to provide support with a courtesy follow up- phone call to check on you and your baby. We also offer lactation services, if requested.

It's easy to enroll by phone, email or mail:

We need a little information to begin planning for the delivery of *your* miracle with us.

Call our Program Coordinator at 618-234-2120, ext. 2615 or you can fill out this form and mail to:
