

A MESSAGE FROM OUR CEO

Dear Patients and Family Members,

On Saturday, November 4, 2017, all of the patients from HSHS St. Elizabeth's Hospital will be moved to the new state-of-the-art facility in O'Fallon, Illinois. Our name is not changing nor is our Mission "To reveal and embody Christ's healing love for all people through our high quality Franciscan health care ministry."

We are very pleased to have you share in this historic transition to our new hospital. This is the next chapter in fulfilling our health care Mission through advanced technologies, professional, skilled and compassionate caregivers, and the highest level of quality service. It is the next step in our journey to offering you, our patients, the highest quality care in a comfortable and healing setting.

Throughout the design of the new hospital, you will see that patient care, privacy and overall experience are our priority.

This booklet will guide you through how to prepare and what to expect on Move Day. If you have questions or concerns, please contact your nurse.

We appreciate your patience and cooperation during this complex process. We are excited to be moving to this new, modern and beautiful facility and hope that you will share in our growth at the new location.

Sincerely,

Peg Sebastian

President and CEO

HSHS St. Elizabeth's Hospital
